Dear Candidate

Thank you for the interest you have shown in applying for a role within the corporate function team at the Royal Surrey NHS Foundation Trust.

Royal Surrey plays a vital role within our local community, providing district general services, community services and specialised cancer care with its Cancer Centre.

Pivotal to the delivery of the safe compassionate care we aim to deliver every day, are all of the key functions within the corporate area such as Finance, Governance, Human Resources, IT – the list is almost endless!

We believe that putting the patient at the heart of what we do is the golden thread that runs through the motivation of every member of our staff, wherever they work in the organisation.

I wish you every success with your application to join our team and hope to welcome you as part of the Royal Surrey Family in the near future.

Best wishes
