Contract:	Permanent
Directorate/Service:	Geriatrics
Accountable To:	Divisional Medical Director
Responsible To:	Dr Georges Ng Man Kwong, Clinical Director
Base Location:	Royal Oldham Hospital
On-Call Requirement:	Yes On call requirements may change in response to the changing needs of the service

Values

Three values are at the heart of our organisation: **Care, Appreciate** and **Inspire**.

Our values and behaviours define what's important to us as we work alongside each other and with our patients and service users. They also shape what it feels like to work at the NCA and will be central to your development and performance conversations. Together, we will create a culture where care, appreciation and inspiration thrive.

Job Summary

A Consultant Geriatrician is required to join the existing team of Doctors at the Royal Oldham Hospital.

This appointment will be for a 10 PA contract and will be made on the consultant contract with a suitable job plan arranged in conjunction with the Clinical Director however we do have the ability to flex job plans to suit individual specialist interest and requirements.

The Job Description indicates the main duties of the post, which may be reviewed in the light of experience and developments within the service. Any review will be undertaken in conjunction with the post holder.

Facilities and Service Provision

The Department of Geriatrics sits with the Directorate of General and Specialist Medicine at The Royal Oldham Hospital, and provides specialist services across our hospital site and community settings for the population of Oldham.

The Trust is committed to an on-going process of improving the way services for older people are provided. Since older people have specific healthcare needs, methods of delivering care should be tailored to meet these. It is recognised that the development of these services is best led by specialist clinicians and this responsibility comprises a key aspect of this job.

The post holder will provide inpatient care for older people as well as work towards the development of new and innovative geriatric services. They will be encouraged to contribute their own vision for service improvement and how best they can work with the Trust to help deliver this.

This post will focus on developing frailty in-reach services into the community as well as aiding A&E with admission avoidance and working as an MDT to provide comprehensive geriatric assessment so provide a holistic care plan for frail patients

The Trust recognises that new and effective ways of delivering care for older frailer people are necessary for both ensuring quality standards and for sustainability of the organisation. The vision is that all older people will have access to appropriate healthcare at the correct time in the correct environment. Increased consultant geriatrician numbers are vital to lead and deliver services in line with this vision.

The successful candidate will join a team who are committed to offering excellent quality care for older people and highly motivated in the provision of on-going service improvement. They will join at an exciting time of departmental expansion with the opportunity to really influence the direction of how we provide services for older people.

The post holder, along with the Clinical Director, Directorate Manager and the Divisional Nurse Manager, will provide clinical care and, with the wider clinical team, support the leadership of the service including taking shared responsibility for delivering the Directorate agreed targets in relation to Older Peoples Services. The post-holder will work closely with the Divisional management team to ensure optimum performance, service integration and contribute to the development of Trust services within the organisation and the local health economy.

The appointee will have use of an office and will have the required IT hardware/software and secretarial support.
