Healthcare workers have an overriding duty of care to patients and are expected to comply fully with best practice standards. You have a responsibility to comply with Trust policies for personal and patient safety and for prevention of healthcare-associated infection (HCAI); this includes a requirement for rigorous and consistent compliance with Trust policies for hand hygiene, including the 'bare below the elbows' approach, use of personal protective equipment and safe disposal of sharps. Knowledge, skills and behaviour in the workplace should reflect this; at annual appraisal you will be asked about the

application of practical measures known to be effective in reducing HCAI. The Trust has the responsibility of ensuring adequate resources are available for you to discharge your responsibilities.

Safeguarding

The Safeguarding Policies place a duty upon every employee who has contact with children, families and adults in their everyday work to safeguard and promote their welfare. In the event that you have concerns about possible harm to any child or adult you should seek advice and support from the Trust Safeguarding team or in their absence contact your line manager. Out of hours contact should be made with the on-call manager through switchboard.

These individuals can be reached through switchboard during office hours, by asking for the Named Professionals for Safeguarding Children or Adults respectively.

The policies and procedures described below are located on the intranet and internet site and you should ensure you are aware of, understand and comply with these. In addition the Trust will publicise and raise awareness of its arrangements and provide appropriate resources and training.
