

JOB DESCRIPTION

Job Title:	Specialist Community Public Health Nurse (SCPHN) (Health Visitor HV)
Band/Pay:	Band 6
Department:	0 to19 Torbay Torquay ISU

0 to 19 Torbay

Job overview

The post holder will be a Specialist Community Public Health Nurse (SCPHN) Health Visitor (HV) within the integrated 0 to 19 Torbay Partnership. They will provide the expertise, knowledge and resources to deliver the Healthy Child Programme (HCP) to families living within Torbay.

They will work with the 0 to 19 Torbay workforce to ensure pathways are followed in supporting children, young people, families and carers.

The SCPHN-HV works autonomously and collaboratively to deliver a family centred public health service, taking responsibility for a defined population in partnership with the wider multi-disciplinary and inter-agency teams. The job role includes the identification, monitoring and support to vulnerable children, including those whose welfare and safety may be at risk; working within child protection procedures and in collaboration with other agencies.

Main duties of the job

- The post holder will be flexible when providing care to meet the needs of clients
- Promote and lead on providing a strength asset-based approach to services delivered
- To value differences and individuality, showing respect to all when working with children, young people and their families and carers
- Develop effective client centred decision-making processes
- Diversity aware where there are barriers to understanding, such as hearing, mental capacity impairment and other difficulties of comprehension, and use adjustments and adaptations to communicate
- Use Knowledge of local area and services to benefit the client
- To take a proactive role in quality and service improvement
- Ensure informed consent is obtained prior to making referrals
- Follow trust policies and pathways and use discretion in interpreting them according to the setting and circumstances.
- The post holder will work closely with the 0 to 19 Torbay teams in providing joined up care to clients
- The post holder will be required to maintain constructive relationships with a wide range of internal and external stakeholders
- The post holder will work closely with TSDFT Children's Safeguarding team

- The post holder will signpost staff to wellbeing at work services including counselling/coaching.
- The post holder will remain professional when dealing with highly emotional situations
- Attend in-house training as required to develop current role
- Participate in internal audits and support quality improvements to inform practice and improve service delivery

About your new team and department

0 to 19 Torbay is a partnership between TSDFT and The Children's Society and Action for Children.

These services have come together to provide a universal service to children, young people and their families in Torbay.

We do this by:

Working together with statutory and community services.

We will strengthen our relationships and work with partners to build on what works well and ensure no child 'slips through the net' working together more effectively to identify neglect, prevent it and intervene early.

Through supporting the whole family and building on strengths.

When working with a child or young person we will consider their family relationships, the role of adult behaviour and the wider context such as friends and the local community.

By giving children the best start in life, to stay well and thrive.

Before and after birth we will support parents and babies to create the conditions where stress is reduced, positive bonds and attachments can form, and language and communication skills develop.

Being baby, young person and family friendly.

Ensure services are equipped to support families with feeding and developing close, loving relationships, ensuring that all babies get the best possible start in life (BFI) and to take young people's needs into account (You're Welcome).

Broadening the skills of the workforce.

Trauma and adversity are significant risk factors for poor health and wellbeing and reduced life chances over the course of a lifetime. Therefore developing our approach to become a trauma informed workforce and services is important to ensure that people affected by trauma and adversity receive the best possible care and support and that responses to their needs are safe, effective, person-centred and trauma informed.

Detailed job description and responsibilities

:

Communication and working relationships

- The Post holder will use advanced listening, probing and facilitative skills to assess health needs.
- The SCPHN-HV will develop an on-going professional relationship with families, offering support as part of a multi-agency team where families have complex needs, e.g. a child with special educational needs or disability, or where there are identified safeguarding concerns.
- To carry out complex assessments, care planning and monitoring of outcomes for children and families to improve health and wellbeing.
- To develop, monitor, evaluate and review care plans to meet health and well-being needs at community, family and individual level.
- To delegate appropriately to a skill mixed team, components of the Healthy Child Programme and areas of work identified in the care plan. The health visitor remains accountable for the delegated service provided.
- To be able to communicate with and relate well to a wide variety of individuals and groups, including children, young people and their families, using high level interpersonal and communication skills to provide and receive complex and often highly sensitive information, e.g. domestic abuse, child protection, children with additional needs.
- The SCPHN-HV will be able to use tact and diplomacy to deal with verbal aggression.
- To be able to produce verbal and written reports to a high standard, such as may be used in court, as well as producing presentations and briefings for other team members.
- To be aware of and respect responsibilities involved in the confidential nature of the work and have an awareness of complex issues surrounding confidentiality and consent for all clients.
- Develop and maintain effective communication links with multi-agency partners in order to improve collaboration, promoting the welfare of children, young people and their families.
- To lead a skill mixed team delivering Child Health clinics to a defined population
- Use professional judgement at all times, and with the support of the electronic Health record and assessment tools, provides skilled and effective assessments of clients.
- Contribute towards producing safeguarding reports
- Direct clients to resources e.g. the 0 to 19 Torbay website.

- Make every contact count (MECC) recognizing opportunities for providing health education during the consultation process and to supply such information either in person or by referring to appropriate professionals e.g. lifestyles services, the chest clinic and local dental services.

Planning and organisation

- Attend the 0 to 19 Torbay record keeping groups when required to do so.
- Support the collection and collation of data for the quarterly report on Key Performance Indicators to commissioners
- Complete and update risk assessments when required.
- The post holder will have excellent organizational skills being able to prioritize effectively, completing and finishing tasks in a timely manner.
- To participate in the setting of team and individual objectives.
- To prioritise own and others' work, manage time effectively by utilising skills, knowledge and competencies
- The SCPHN-HV will work according to standards, policies and procedures set out by the Nursing and Midwifery Council, Torbay & South Devon NHS Foundation Health Trust (TSDFT) and the local Safeguarding Children Board.
- The SCPHN-HV will offer leadership and line management to members of the 0 to 19 Torbay team and act as a mentor to pre-registration and post-registration student nurses as required.
- The SCPHN-HV will be an active participant within the community in delivering the national and local public health agenda.

Analytical and judgement

- Be able to use research to shape practice
- Define problems and develop solutions to resolve these
- Think creatively and make decisions with confidence and clarity.
- Make decisions in a timely manner.
- Use impactful analysis, applying experience and modifying to suit the situation.

Responsibility and accountability

- Apply critical analysis to synthesis of complex information during the consultation to provide accurate advice and health information to clients in order to empower and enable them to act upon advice given.
- Maintain an up to date awareness of current policies and use acquired skills in Public Health Nursing, safeguarding children, social care and other aspects of general health.
- Be accountable for own professional actions as determined by professional bodies.
- Be accountable for work delegated to others within the team, ensuring staff are competent to undertake delegated work.
- Accurately document consultation notes within the electronic Health record, following NMC guidelines and 0 to 19 Torbay standard, in a timely fashion.
- Adhere to transfer in policy ensuring that blood spots are completed and linking with surgeries supporting the PHE Hepatitis B pathway and BCG.
- To prescribe appropriate medication, where necessary, within the Nurse Prescribing Formulary, working in accordance with Trust Policy and Procedures for Nurse Prescribing.
- In collaboration with the members of the multi-agency team, to work with families where children are at risk of significant harm or are in need, assessing, planning and delivering care. This includes participation in Child Protection Plans agreed at multi-disciplinary case conferences. To offer evidence-based advice and refer to the Named Nurse, Safeguarding Children and other agencies where appropriate, in line with Torbay Children's Safeguarding Partnership (TSCP) guidance. Provide court reports and attend court hearings on request from TSDFT.
- To maintain and develop own professional expertise by arranging and attending meetings, study days and in-service training, including mandatory training as agreed with the manager and professional lead.
- To assist in creating a positive work environment, thereby promoting productivity, mentoring, teamwork and collaboration.

Responsibility for patients and client care
